### EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Larry Huston on 1/5/03.

The application has been amended as follows:

Claim 1, line 3 after "said body being" add -translationally-

Cancel claim 5.

The following is an examiner's statement of reasons for allowance:

Claim 1 states the limitation that the body must be translationally movable in the horizontal plane. Guha does not teach a body that is translationally movable but one that rotates.

Claim 1 also states that the elongate body must be flaccid. Nakamura teaches a translationally movable body however fails to teach that the body is flaccid, nor would it have been obvious to combine references to achieve the claimed invention.

Claim 9 states the limitation of a sheet holder connector attached to the top face of the body that is movable in the horizontal plane. A cleaning sheet is placed over a pad that is attached to the bottom face of the body. Petner teaches a cleaning sheet that fits over a pad and is held in place by a sheet holder however the reference fails to teach that the body is movable in the horizontal plane relative to the mobile apparatus.

Art Unit: 1744

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
